 Office of Administrative Hearings (OAH)	Transmittal Number: 95-46
Procedures Transmittal	Date: December 19, 1995
 Distribution: 	
ALB OAH Staff [X] UPS ALJs/ [] Upstate LDSS [X SUP ALJs [] (Nassau only) 	Subject: Removal of Scheduling Restrictions for Nassau County
NYC OAH Staff [] NYC ALJs/ [] NYC Agencies [SUP ALJs []] Personal Care Services Hearing Requests

It is no longer required that Nassau County Personal Care Services cases (Subcategory SPH) be restricted to certain days of the week since the agency intends to utilize nurses to represent on these cases rather than physicians who had certain scheduling limitations. The SPH subcategory should still be utilized to assist the Scheduling Unit in limiting the number of these cases on any particular day, since they require considerable time per case.

There are also no scheduling restrictions for Nassau County PERS (Issue Code 291/292) or CHHA (Issue Code 261) cases.

Please note: Suffolk County Personal Care Services, PERS, and CHHA cases should continue to be restricted to any day except Friday. Further, this change does not affect the current practice of restricting NEMP (Nassau County Medical Employability) cases to certain days.

If you have any questions, please refer them to your supervisor or Sue Fiehl at (518) 473-4779 or via e-mail 90j029.

Mark Lacivita, Director of Administration Office of Administrative Hearings
