Effective August 1, 1994, all requests for Medicaid Dental Prior Approvals on behalf of recipients from the counties listed below are being handled by the Health Department's Albany area office rather than the Syracuse area office. Therefore, any requests for hearings on dental prior approvals received from these counties should be coded as HSM7 in the secondary agency field. This will ensure proper notification of the hearing and transmittal of the decision to the appropriate office. Counties coded as HSM7 in the past, will continue to be coded as HSM7 for all issues.

Please annotate your Desk Reference to reflect this change. A page replacement will be sent out in the near future. Any questions can be directed to Sue Fiehl via e-mail at 90j029 or by phone at (518) 473-4779.
